INDEX.

Actinism, 138
Aëroliths, 333
Africa, Central, Letter from, 124
African Chimpanzee 322
Aire Valley, Deposits of, 146
Allman on Appendicularia, 306
Allman on Morphology of Hydroid Polypes, 307
Aluminium, 135, 140
American Association, Proceedings of, 159
America, Discovery of, by the Northmen, 173
Amoor River, 338
Animal Heat, Production of, 159
Appendicularia, and its Appendage called "Haus," 306
Araneidæ, Opening Organs of, 291
Arran, Rude Unsculptured Monoliths of, 59
Ascidiæ, Branchial Sac of, 318
Atractylis, 107
Aves of Hudson's Bay Company's Territories, 221
Balfour, Dr J. H., Excursion to Switzerland in August 1858, 328
Balkie, Dr W. B., Correspondence, 124
Bamboo-Cane, its Growth, 330
Bamboo, Uses of, 331
Bees, Formation of Cells of, 292
Bichromate of Potash, 140
Binocular Vision, 128
Birds of Heligoland, 334
Botanical Intelligence, 162
Botanical Society, Proceedings of, 325
British Association, Proceedings of, 126, 286
Californian Trees, 162
Campanularia Johnstoni, 315
Carbonic Acid from Lungs, 293
Carboniferous and Permian Strata of South Yorkshire and North Derbyshire, 145
Cells of Flowers, 294
Chemical Analysis, Manual of, by Northcote and Church, noticed, 123
Chemical Notices, 135
Chemistry and Physics, 285

XUM

Cleghorn, Dr Hugh, on the Pauchontee of India, 325
Cleland, Dr John, on the *Ligamentum Conjugale Costarum*, 258
Comets, Density and Mass of, 170
Conchology, Ethnographic Phases of, 65, 191
Coniferous Plants, Economical Uses of these Roots, 333
Cotton-seed Oil, Chemical Examination of, 11
Crimean Fossils, 165
Cupressus Lambertiana, 327
Davy, Dr John, on the Fishes of the Lake District, 1
Davy, Dr John, on the Lake District, 179
Digestion, Experiments on, 290
Economic Science and Statistics, 304
Electrical Discharges in Carbonic Acid Vacua, 138
Electricity, Vibrations Produced by, 266
Eolidæ, Thread-cells of, 320
Ethnographic Phases of Conchology, 65, 191
Eudendrium ramosum, 314
Eye, Choroid Coat of, 288
Eye-Ball, Form of, 298
Fishes of Lake District of England, 1
Forbes, Professor, on Certain Vibrations produced by Electricity, 266
Gatke on Birds of Heligoland, 334
Geography and Ethnology, 300
Geology of Northern part of the Province of Moray, 14
Geology of Lake District, 147
Geological Intelligence, 165
Geological Map of England and Wales, 273
Geological Distribution of Plants, 286
Geological Notices, 143
Glaciers, Theory of, 275
Glass acted on by Mud, 136
Gneiss Rocks in Scotland, 157
Gordon, Rev. George, on the Geology of the Northern part of the Province of Moray, 14
Gutta-tree, or Pauchontee of India, 325
Harkness, Robert, on the Origin of the Permian Breccias of Nithsdale, 102
Hawkes on Vegetable Oils of Madras, 327
Hematite Ore of North Lancashire, 148
Homologies of Hydroid Polypes, 317
Hunter, Dr Alex., on the Uses of the Bamboo, 331
Hybrid between Capercailzie and Blackcock, 323
Hydroid Polypes, Morphology of Reproductive Organs of, 307
Lake District, Observations on the, 179
Laomedea dichotoma, 314
Laomedea dichotoma, 110
Laomedea flexuosa, 310
Laomedea geniculata, 112
Laomedea lacerata, 113
Lead, Action of Hard Waters on, 245

Leeds, Alkaline Water of, 137
Lepidodendron and Lepidostrobus, 320
Ligamentum Conjugale Costarum, its Structure, 258
Lightning, effects of, 126
Lindsay, Dr W. Lauder, on the Action of Hard Waters on Lead, 245
Linear Vibration, Theory of, 82
Lithology of Edinburgh, 279
M'Arthur, John, on the Rude Unsculptured Monoliths and Ancient Fortifications of the Island of Arran, 59
M'Nab, James, on the Growth of the Bamboo, 330
M'Nab, James, on the Economical Uses of the Roots of Conifers, 332
Mammalia of Hudson's Bay Company's Territories, 210
Mathematical and Physical Notices, 126
Mechanical Science, 305
Meteorological Register, by Alex. Brown, 337.
Micrometers, 133
Minerals in Igneous Rocks, 150
Mineral Produce of Yorkshire, 304
Monoliths of the Island of Arran, 59
Morayshire, Geology of, 14
Murchison, Sir R. I., on the Old Red Sandstone of Morayshire, 59*
Murray, Andrew, on the Natural History of the Hudson Bay Company's Territories, 210
Murray, A. M., The Branchial Sac of Ascidiæ, 318
Nitric Acid, Quantitative Determination of, 141
Nitrogen as Yielded by Crops, 142
Northmen, their connection with the East, 175
Oils, Vegetable, of Madras, 326
Older Rocks of Scotland, 153
Old Red Sandstone of Morayshire, 59*
Old Red Sandstone of Herefordshire, 232
Ophiocoma, species of, 324
Ossiferous Cavern at Brixham, near Torquay, 147
Peach, W., on Ophiocoma, 324
Permian Breccias of the Vale of the Nith, 102
Permian Rocks in North America, 157
Phosphorus, Optical Properties of, 131
Photographs, 134
Physiology, 286
Physical Society, Proceedings of, 319
Plants, Modes of, 130
Plumularia Fulcata, 309
Pterodactyle, New Genus and Species of, 151
Purple Dye from Coal Tar, 141
Races of Man, 300
Railway from Atlantic to Pacific Ocean, 301
Retzius' Ethnology in reference to the Form of the Skull, noticed, 115
Reviews and Notices of Books, 115, 269
Royal Society of Edinburgh, Proceedings of, 306

XUM

Sang, Edward, Theory of Linear Vibration (*concluded*), 82
Scientific Intelligence, 162, 333
Seal, Skeleton of, in Fifeshire, 149
Seeds preserved in Gum, 328
Sertularia fallax, 112
Sertularia polyzonias, 307
Sertularia Pumila, 309
Sertularia tamarisca, 311
Shea Butter, 333
Siluria, noticed, 269
Skeleton, Homology of, 288
Slaty Cleavage in Lake District, 150
Slessor, J., Chemical Examination of Cotton-seed Oil, 11
Smith, Dr John, on the Temporo-Maxillary Articulation, 206
Sound, Theory of, 127
Spinal Cord as a Sensational and Volitional Centre, 294
Switzerland, Botanical Excursion in, 328
Symonds, Rev. W. J., on the Old Red Sandstone of Herefordshire, 232
Telegraphic Communication, 303
Telegraph Cables, 305
Temporo-Maxillary Articulation, 206
Timber protected from Fire, 326
Triassic Rocks of Kansas, 166
Troglodytes niger, 322
Trout, Distribution of, 164
Typical Form of Animals, 284
Vegetable Kingdom, Division of, 160
Vibrations Produced by Electricity, 266
Vision of the *Foramen centrale* of the Retina, 133
Wilson, Dr Daniel Wilson, on some Ethnographic Phases of Conchology, 65, 191
Wright, Dr T. S., on British Zoophytes, 106
Wright, Dr T. S., on Thread-cells of *Eolidæ*, 320
Yang-tse-Kiang River in China, 303
Zoological Intelligence, 164
Zoology and Botany, 286
Zoophytes, British, 106

END OF VOLUME NINTH—NEW SERIES.

NEILL & Co., Printers, Edinburgh.
